TO WHOM IT MAY CONCERN

RE: ROTA-LOO COMPOSTING TOILET INSTALLATION

This document is to support the application to a relevant South Australian local authority for the installation of a Rota-Loo Waterless Composting Toilet (WCT) system.

The South Australian Department of Health has under the South Australian Public Health (Wastewater) Regulation, 2013 approved the Rota-Loo for installation and use as a Waterless Composting Toilet for domestic and non-domestic/commercial use. The approval reference is WWP-20015.

Rota-Loo has been certified as compliant to AS/NZS1546.2:2008 On-site domestic wastewater treatment units - Waterless Composting Toilets

JASANZ Certifying Organisation: IAPMO R&T Oceana
Product Compliance Certificate: OMK30059

A copy of the certificate is attached below.

The system has no effluent output and all end product waste may be disposed of within the premises following a period of composting during which the waste is held within the system. End product waste has been tested by an independent NATA approved laboratory and found to comply with the requirements of the standard.

Sufficient information has been given to the applicant to ensure the required site drawings are able to be submitted with the application. All Installation and Operation Manuals, as well as Risk Management Plan can be downloaded from www.rotaloo.com.au

Kind regards,

IAPMO R&T OCEANA

7-11 Fullard Road, Narre Warren, Victoria 3805, Australia

IAPMO R&T Oceana is a product certification body which inspects and arranges for the independent laboratory testing of samples taken from the manufacturer's stock or from the market or a combination of both, to verify compliance of the requirements of applicable Standards and Specifications. This activity is coupled with periodic surveillance of the certified product taken from the market place or the manufacturer's factory. This certification is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO R&T Oceana of the product acceptance by Authorities Having Jurisdiction. The IAPMO R&T Oceana "OceanaMark" Product Certification Scheme is a JAS-ANZ accredited ISO Guide 67 Type 5 Product Certification Scheme.
